Dear Mr. Baum,

I received and read through the assessment for the Gordons. The work is first rate. I would have no hesitation to recommend your company to my clients should the need arise.

As requested, I am including some business cards. Please note that my new website is not indicated on the cards. This modification will be a work in progress. The site will be up and running perhaps later this week. The address is www.idealconstructionconsultingservices.com.

I look forward to working with you in the future.
